ERASMUS+ INTER-INSTITUTIONAL AGREEMENT PROPOSAL

THE PROPOSAL:

Dear colleague!

We would like to show you our interest for establishing cooperation with your University.

This cooperation will be a great chance for providing an opportunity for staff and student exchange, thus gaining new experience in different fields of study, especially in the study fields of business and economics, medicine and technical sciences.

For a few years now, we have successfully implemented the Erasmus + programme for both student and staff exchange, for studying, teaching and training.

We would be delighted if you would agree on signing an Inter-institutional Agreement regarding Erasmus+ Programme, **Key Action 1**.

If you are interested, we can prepare the draft agreement for the cooperation.

Our official website is: <http://www.ugd.edu.mk/index.php/>
